KUSHAL(7)

NAME

Kushal Das - building communities and sometimes software

SYNOPSIS

kushal [--public-interest-technologist] [--contributor] [--securedrop]
[--tor] [--python] [--fedora]

SUMMARY

Public interest technologist. Spending life helping various FOSS projects and communities in different roles. Part of the Tor Project Core team. and also a core developer of CPython, and director at Python Software Foundation. In 2004 I founded [dgplug](#) and still help there as a co-ordinator. I am a Fedora Project contributor from 2006, and also a maintainer of SecureDrop project. I spend a lot of time with new contributors in #dgplug and #learnandteach channel on Libera.chat.
